

SMARTFRAME®

POWERED BY INNOVATION

High Performance

SmartLVL13 is a high strength manufactured LVL for the Australian market. It is consistent, stable and straight.

Comprehensive Range

SmartLVL13 offers a comprehensive size range. It is available in 45mm, 63mm and 75mm widths with a range of 16 different heights.

Certified

LVL13 is certified to conform to AS/NZS 4357 Structural laminated veneer lumber. It is also PEFC certified.

Short-term Water Repellent - H₂O Shield™

SmartLVL 13 comes with a clear short-term water repellency. H₂O Shield™ is a high penetrating water-based surface treatment, formulated to repel rain during storage and construction. H₂O Shield™ is paintable with acrylic or oil based coatings, and glueable using standard construction adhesives.

Treatment Options

All SmartLVL products come as H2S termite treated as standard, for protection south of the Tropic of Capricorn. H2 termite treatment for north of Tropic of Capricorn and H3 treatment against decay and termites is also available.

Available in NSW, S.A and W.A.
