## SmartLVL13

### High Performance

SmartLVL13 is a high strength manufactured LVL for the Australian market. It offers highly consistent and efficient building members, in a broad range of sizes.

### Short-term Water Repellent - H<sub>2</sub>O Shield™

SmartLVL 13 comes with a clear short-term water repellency. H<sub>2</sub>O Shield™ is a high penetrating water-based surface treatment, formulated to repel rain during storage and construction. H<sub>2</sub>O Shield™ is paintable with acrylic or oil based coatings, and glueable using standard construction adhesives.

### Range

SmartLVL offers the most comprehensive range in the market, with SmartLVL13 available in 45mm and 63mm and a range of 10 different heights.

### Treatment Options

- All SmartLVL products come as H2S termite treated as standard, for protection south of the Tropic of Capricorn.
- H2 termite treatment for north of Tropic of Capricorn
- H3 treatment against decay and termites.

### Certified

LVL13 is certified to conform to AS/NZS 4357. It is also PEFC certified.

Available in  
NSW, S.A and W.A.
