# SMART LVL15

**SmartLVL15 is an engineered laminated veneer lumber (LVL) used for high-load structural applications in Australian homes.**

Bring confidence to every build with SmartLVL15 - engineered to perform exactly as intended. As the original SmartLVL15 introduced to the Australian market, it offers a lighter, more efficient high-strength LVL through smaller cross sections and reduced member sizes. Designed with precision, every length supports a smoother build experience and results you can trust from start to finish across residential and commercial projects.

## Specifications

- Grade: E15
- Adhesive rating: A bond
- Emissions: E<sub>0</sub>
- Joint Group: JD4
- H2S treated as standard to AS/NZS 1604.1
