SMARTPLY-CD
information

SMART PLY-CD

SmartPly-CD is a multipurpose structural plywood engineered wood panel - ideal for interior, residential, commercial and handyman applications.

Manufactured from a combination of hardwood and softwood, eucalypt and radiata pine, SmartPly-CD is a utility panel, with one solid face where defects are filled.

The veneer qualities are graded C Face and D Back for structural uses where aesthetics is not a consideration and structural performance alone is the requirement.

Specifications

- Grade: F11
- Non-appearance grade with a solid surface face
- Adhesive rating: A bond
- Emissions: E₀
- Origin Verified as standard across all SmartFrame products

SmartPly-CD range:
